In the Past 19 Years

A In the Past 19 Years

- In the year 2000, we had 2,000 saints in 50 churches.
- Now in 2019, we have 6,262 saints in 166 churches.
- The average increase is 6.2% compounded each year.
- That means approximately 94% of the saints have not been active in bearing remaining fruit from year to year.

A In the Past 19 Years

- Brother Lee expected that 1/3 of the saints would be vital fruit-bearing branches and that the churches should increase 25% per year.
- The church with 30 that increased to 430 could have increased to 2,430 by now if they had had a 25% annual increase over the past 19 years.
- In general, we are very short in the practice of the God-ordained way.

Our Look to the Future

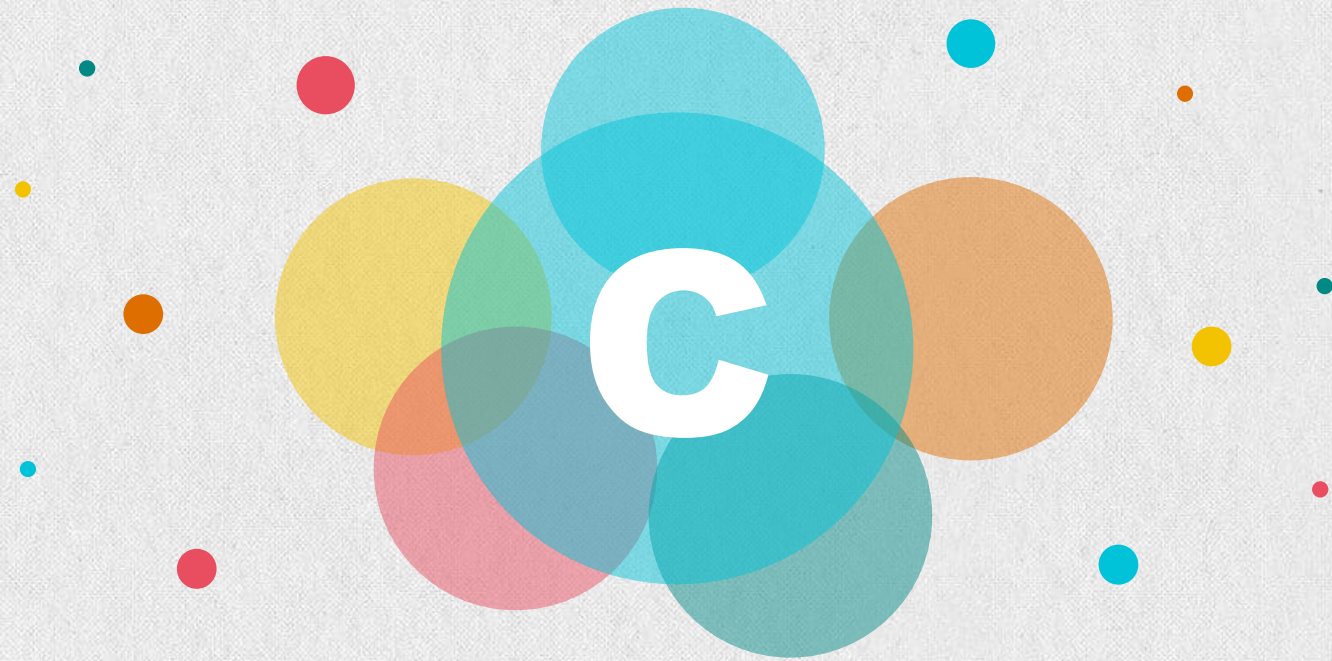

B Our Look to the Future

- Our goal is to have 1,150 churches by 1/1/2027.
- This is not possible if we rely on coworkers, elders, and job-dropping full-timers.
- This is only possible by trusting in the Head and relying on the Body.

B Our Look to the Future

- If we have a 25% increase per year as expected by Brother Lee, we will have 29,860 saints by that date.
- Today, on average we have 40 saints per church. With a faster rate of increase, even if we started with an average of 25 saints per church we would still be able to increase to 1,194 churches.

Presently

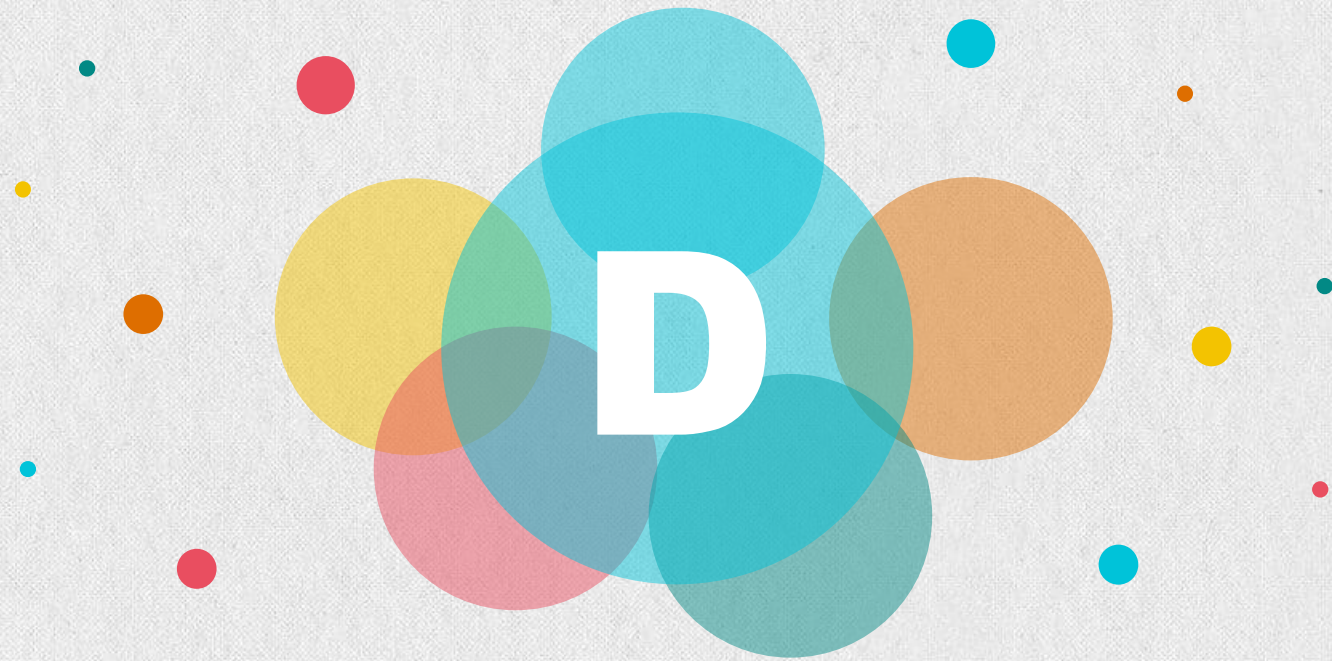

- We are desperately praying and struggling to perfect the saints in groups and one by one so that they may be vital fruit-bearing branches.
- We are developing two sets of trainings: one for groups and one for individuals.

**In these trainings,
we stress:**

- the recovering of the first love,
- absolute consecration,
- one accord,
- prayer,
- personal morning revival,
- enjoying the Lord in His word,
- vital groups of 2 to 4 saints,
- bearing remaining fruit by begetting, nourishing, perfecting, and building,
- and increase in the number of saints, districts, and churches.

**Pray for us
that the perfecting will
produce the expected results.**

The Training Center

D The Training Center

- Some of us began to pray 5 years ago this month for a new training center, and the Lord gave the property to us in 9 months. It is near the largest and best university in Mexico, with 100,000 students.
- However, some construction brothers were concerned about fire escapes because most of the properties in Mexico City have neighboring properties on three sides.

D The Training Center

- We prayed for another three years, and finally we obtained an agreement with a school next door to open up three mutual fire escapes.
- We are now testing the foundation to see what is the maximum seating capacity of the building.
- Pray for us that this testing will be approved quickly and that the remodeling will begin soon and be finished by the end of next year.

D The Training Center

- As always, you may pray for this project.
- You may give to this project.
- You may also go to help us in the remodeling.
- The churches may gather the offerings and send it to:
 - The church in Anaheim,
 - 2528 West La Palma Ave.,
 - Anaheim, CA 92801-2611.

Glory to the Lord !
