

LMA Perfecting Training Propagation Report from January to February of 2021

“Death cannot hold the resurrection life, though all its force against it may combine; Death only gives it opportunity to show the boundless power of life divine.” Although the pandemic is spreading, the Lord’s move is not restricted but moves on continually. In January 2021, the trainees in Perfecting Training entered into the messages of 2020 December Semiannual Training with the local saints in Siem Reap and Phnom Penh. Through the online meeting application, we break the limitations of space and language, that the word of God could grow and multiply in Cambodia, and the saints can be blended and built in the word of God. In early February, with the coordination of the local saints, we held the new ones’ perfecting training, the blending meeting on Chinese New Year’s Eve, in addition to the Spring Festival gospel meeting. We testified to the world that the promise of the spirit is the greatest blessing God has given to us.

Online Blending Meeting — Speaking to One Another Bringing in Blending

From January 25th to 31st, trainees in Perfecting Training entered into the messages of 2020 December Semi Annual Training online with saints in Siem Reap and Phnom Penh. In the meetings, saints endeavored to receive the Lord’s up-to-date speaking. After every meeting we took the opportunity to share with one other, breaking through the barriers of language and culture and partaking the reality of blending. By enjoying hymns, our spirits were stirred up at the beginning of every meeting. We had an exhibition of our enjoyment every class so that the word of God can be constituted into us. Furthermore, saints in Phnom Penh sharing online showed us the riches of the Body. Meanwhile, 5 new believers, who have been saved for less than one year, attended the blending meeting and boldly spoke for God. They learned to share the light from the Lord which encouraged us. This offered the Lord opportunities to reveal His heart’s desire to the believers. Local saints also shared with one another what they gained from the Lord. We had one mouth with one speaking to testify that we are one, manifesting God’s glory. Praise the Lord! Through this online blending meeting all the saints were joined together and knit together, and they were also built up together in the mutual shepherding, so that all of us could enjoy the Lord’s timely word, follow His moving in this age and be brought into the reality of the Body.

The New Ones’ Perfecting Training for Students—Perfect New Ones to Love the Lord and Consecrate

Since last August, more than 50 people have been saved and baptized in the church in Siem Reap, and most of them are students. In order to help them grow in life and to be a functioning member in the Body, we held the new ones’ perfecting training in coordination with the local saints on February 5th to 7th. A total of 49 new believers, who have a heart for the Lord, participated in it. In the training

we enjoyed the messages concerning loving God, the importance of the meeting, etc. In parallel with the messages was the practice of God-ordained way. After being revealed the vision of gospel in the meeting, the new believers coordinated with the trainees in twos and threes to preach the gospel of the kingdom with boldness in the park, campus and on the streets. We encouraged new ones to proclaim the name of Jesus and share the mystery of human life. Many new believers testified that they were nervous in the beginning, but with the encouragement of the trainees they began to speak for the Lord, that the power of God's gospel was manifested. In the evening, following the flow of consecration, new believers were attracted by the Lord to consecrate themselves to the Lord one by one.

As it is said in Psalms 110:3, "Your people will offer themselves willingly, in the day of Your warfare, in the splendor of their consecration. Your young men will be to You, like the dew from the womb of the dawn." During the training, we arranged the accommodation for them so that we could have more blending in life, and they could have a corporate life with us. In the morning, we enjoyed morning revival and pray-read God's word. In the evening we had fellowship and made testimony for the Lord. The new believers had a foretaste of God-man living. Now many of them still treasure the living on that day. They hope the epidemic will pass as soon as possible so that they may have more chances to live and blend with us.

Blending Meeting on Chinese New Year's Eve—Counting His Blessing and Renewing Consecration

Blending brings in the real building of the church and the reality of the Body of Christ. On Chinese New Year's Eve, 34 Chinese saints, who are called by the Lord for training, propagation, and literature work gathered together to count Lord's blessings and grace. For some brothers and sisters, it was the first time to stay away from their hometowns and spend the new year in a different place; but by living in the body of Christ, they are willing to have a living of a sojourner, and fight for the interest of God all their lives. In the meetings, on the one hand, by bringing food cooked by ourselves, saints enjoyed dishes of different flavors; On the other hand, by counting the blessings we received from the Lord, we saw that the Lord led His people into His holy place with cords of a man and bands of love. Moreover, we renewed our expectation and consecration to the Lord. We encouraged one another to forget the things which are behind and stretch forward to the things which are before. Just as it says in a hymn: "Run up, the race continues. Stand up, recovery never ceases." May the Lord strengthen Chinese saints in Siem Reap to run the race before us.

Spring Festival Gospel Meeting—The Reality of Jubilee as God's Great Blessing

The second week of February is our propagation intensified week, trainees seized the opportunity to invite gospel friends and new believers to attend the Spring Festival gospel meeting on the first day of Chinese Lunar New Year. Finally, 30 gospel friends and new believers attended the meeting and

enjoyed the message concerning the Spirit as the greatest blessings God has given to us. One of the major breakthroughs was that the new believers actively functioned to make a good testimony for the Lord. With full preparation and prayers, two new brothers overcame their nervousness and coordinated with other saints to lead hymns at the beginning of meeting. Brothers in Nazarite's training released messages in coordination with experienced saints in the meetings, despite the fact that they had not partaken the church life for a long time. Four new believers shared their experiences of knowing the Lord, being baptized and loving the Lord, which encouraged all the attendees. After the meeting, two gospel friends were moved by the Lord and baptized. Many gospel friends are still open to us and have regular contact with the trainees. May the Lord continue to work on them, so that they will be saved as soon as possible and enjoy Christ as the greatest blessing in the universe.

Please pray for the following matters:

1. Pray that we could shepherd new believers and gospel friends continually in pandemic.
2. Pray that the news ones would establish the structure of the gospel preaching and the home meeting and develop the habit of begetting and shepherding.
3. Pray that new believers could have more blending and building with the local saints.
